SUMMARY

Software Engineering student with hands-on experience in full-stack web and mobile application development using Flutter, React, React Native, NestJS, and Firebase. Passionate about building user-friendly applications and solving real-world problems through clean, scalable software solutions.

EDUCATION & LEARNING

BS Software Engineering Superior University CGPA: 3.75/4.00	2023-2027
Intermediate: KIPS College FSc Pre-Medical	2021-2023
Matric: Pride Public High School Biology	2019-2021

EXPERIENCE

Frontend Development Intern

CodeAlpha (Virtual Internship) | Oct 2025 – Nov 2025

- Developed responsive web applications using **React, HTML, CSS, and JavaScript**.
- Built interactive UI components and implemented responsive layouts.
- Applied Git for version control and followed modern frontend development practices.

SKILLS

Languages	Dart, JavaScript, C++, SQL
Frameworks	Flutter, React, React Native, NestJS
Databases	MySQL, PostgreSQL, Firebase Firestore
Tools	Git, GitHub, Postman, Figma, Canva
Technologies	Firebase Authentication, REST APIs, Provider, Linux

PROJECTS

AttendQR	Developed a real-time QR-based attendance app using Flutter and Firebase with GPS verification, Firestore integration, and CSV report generation for secure attendance tracking.
Protego Website	Developed a full-stack web platform using React, NestJS, and PostgreSQL with authentication, REST APIs, responsive UI, and product management features.
Hotel Management System	Developed a Hotel Management System with complete SRS documentation, SQL database design, testing, and a Flutter-based mobile application for managing bookings, billing, and customer records.
Library Management System	Developed a console-based Library Management System in C++ using linked lists, file handling, and FIFO scheduling for efficient book management.
Treasure Hunt	Developed a Python-based AI game implementing the Uniform Cost Search algorithm to demonstrate optimal pathfinding in a grid environment.
Bubble Sort	Built an interactive Bubble Sort game incorporating K-Means Clustering to visualize sorting.

CERTIFICATION

- SQL Fundamentals - Sololearn
- HTML Fundamentals - Sololearn
- CSS Fundamentals - Sololearn
- Alkhidmat Volunteer certificate
